Lecturer

Religious Studies Dept.

**Wednesday, December 4, 2013**

**7:30 PM**

**Globe Room, Cataldo Hall**

Gonzaga University Campus

429 E. Boone Avenue

**Open to the Public. Admission Free.**

**Topic:**

The 1986 Filipino non-violent revolution was extraordinary. It was won without one shot fired. In the face of widespread violence in the world today, the Filipino revolution stands as an enduring witness to the possibility of liberation without the high social cost of death and destruction. The question that has always been asked is: "How was it possible?" The answer lies in the power of culture and religion as forces of liberation.
