

Music

Gonzaga's students and faculty integrate musical excellence and innovation through a liberal arts education that includes performances, festivals, tours, interdisciplinary collaborations, and research. Majors and non-majors alike combine their passion for music with pursuing lives of leadership and service for the common good. Musical artists enable our community, nation, and world to inspire others, to creatively seek new solutions, and to build bridges among diverse people.

THE PROGRAM

Over 700 students enroll in Music courses, ensembles, and lessons each semester. Gonzaga University's distinguished tradition dates to 1887 and focuses entirely on undergraduate students. The Music Department is accredited as an associate member of the National Association of Schools of Music.

Gonzaga values student-mentor relationships and students benefit from small classes, leadership opportunities, and faculty-sponsored internships and research fellowships.

All students enrolled in ensembles or lessons have access to newly refurbished practice rooms and a technology lab with keyboard interfaces, allowing students to compose, edit, and arrange music.

Gonzaga's music alumni are successful music educators, performers, church musicians, composers, and arts administrators, and many continue studying in prestigious graduate programs.
