

# CliftonStrengths™ Top 5 Assessment

## Understand how to apply your unique strengths

Knowing your strengths unlocks your potential and can lead to greater performance. The Gallup CliftonStrengths Top 5 Assessment enables you to be confident in your natural talents and understand areas for development. When combined with assessments for your team, you can see how strengths compliment one another to help your organization thrive.

The CliftonStrengths assessment starts with an online questionnaire in which you choose paired statements to decide what best describes who you are. You receive a personalized report to fully understand how to apply your unique strengths to obstacles and opportunities that come your way with greater success.

Interested in learning your CliftonStrengths? Register for the assessment with Gonzaga's Leadership Training & Development, which includes:

- Access to an online assessment (approximately one hour)
- Individual report with customized guide to your Top 5 strengths
- One-hour debrief with a certified Gallup trained CliftonStrengths coach
