

Intercultural Development Inventory™

Enhance your intercultural understanding and competence

The Intercultural Development Inventory is a cross-cultural assessment that measures sensitivity along the Intercultural Development Continuum. The Inventory provides powerful insights into strengths and developmental opportunities for effective engagement with coworkers and clients.

The IDI measures an individual or team's capability for shifting cultural perspective and adapting toward differences and commonalities. The tool can help you become a more effective leader across diverse groups and create a more inclusive workspace. The Inventory is a powerful tool in achieving organizational diversity goals and inclusivity outcomes.

Interested in learning more about your individual intercultural competence? Register for the Intercultural Development Inventory and receive:

- Access to the online assessment culminating in your personal report
- 60-minute individual debrief with a certified consultant (Team debriefs available)
- Recommendations for further developing your intercultural competency
