

No On-Campus Summer Storage

Gonzaga University does not offer storage for your belongings over the summer. You may not leave anything in your room beyond check-out, even if you are returning to the same room next fall. To help defray the cost, some residents elect to share a storage unit. You may use the Gonzaga Housing Facebook page to seek students who may want to share a storage unit with you.

For off-campus storage, the leases are typically month-to-month and all the rates listed are monthly unless otherwise noted. This list is for informational purposes only—no endorsement is offered, nor liability assumed by GU. The information is subject to change, so call to confirm rates and availability. Please consult the phone directory for other storage providers.
