Resolution Center for Student Conduct and Conflict

2023-2024 Academic Year Data Report

The Resolution Center for Student Conduct and Conflict is responsible for reviewing alleged violations of the Student Code of Conduct and for coordinating process to resolve referred allegations. This report reflects data of reports received by the Resolution Center during the period of **August 15, 2023 through June 30, 2024**. This report was generated during the month of June, causing some reports to still be in process and considered pending.

Referrals and Reports

The Resolution Center receives reports of alleged misconduct and complaints against a student from a variety of sources, including but not limited to:

- ❖ Housing & Residence Life
- ❖ Campus Security & Public Safety
- ❖ Gonzaga Staff
- ❖ Law Enforcement
- ❖ Gonzaga Students
- ❖ Gonzaga Faculty

The Resolution Center reviews reports that have been directly submitted to the office from various campus partners and individuals. These reports are reviewed by staff in the Resolution Center to determine if there is sufficient information that a violation of the Student Code of Conduct may have occurred or fulfill other duties assigned to the Resolution Center. The Resolution Center also reviews hundreds of incident reports written by Campus Security and Public Safety to determine whether a violation may have occurred and to ensure students get connected with appropriate campus resources. Cases are then created from these submitted reports that the Resolution Center will handle.

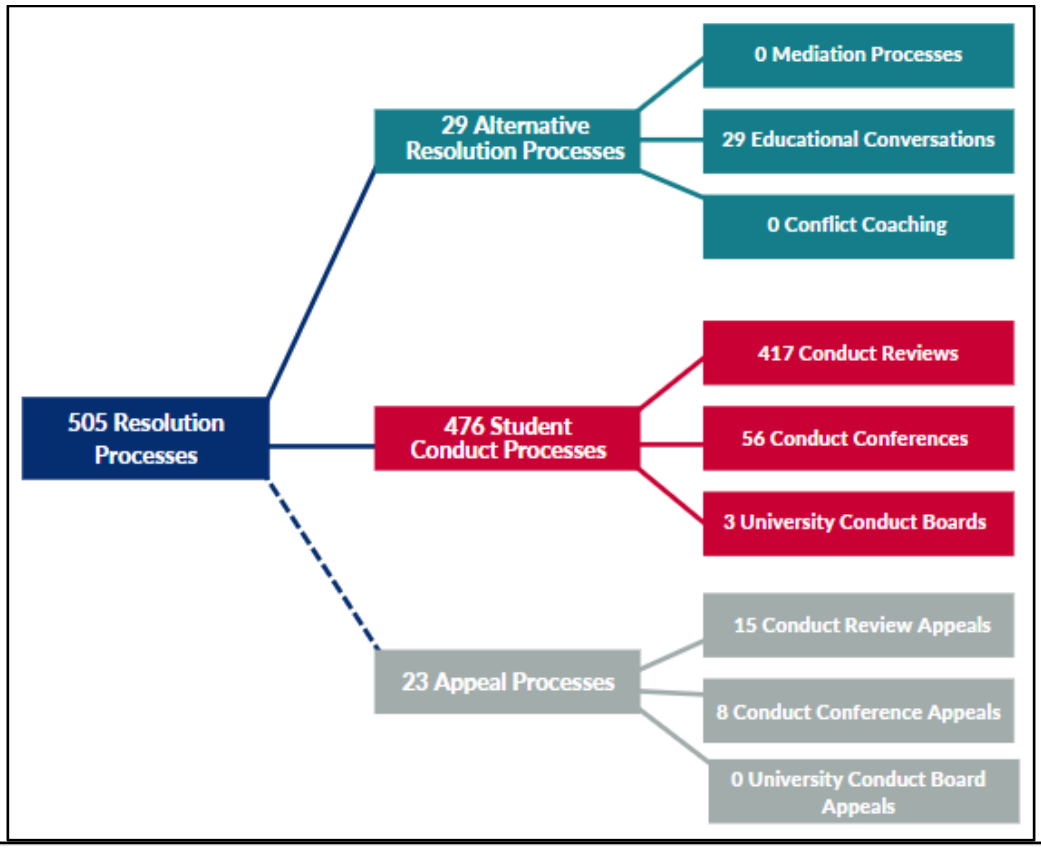
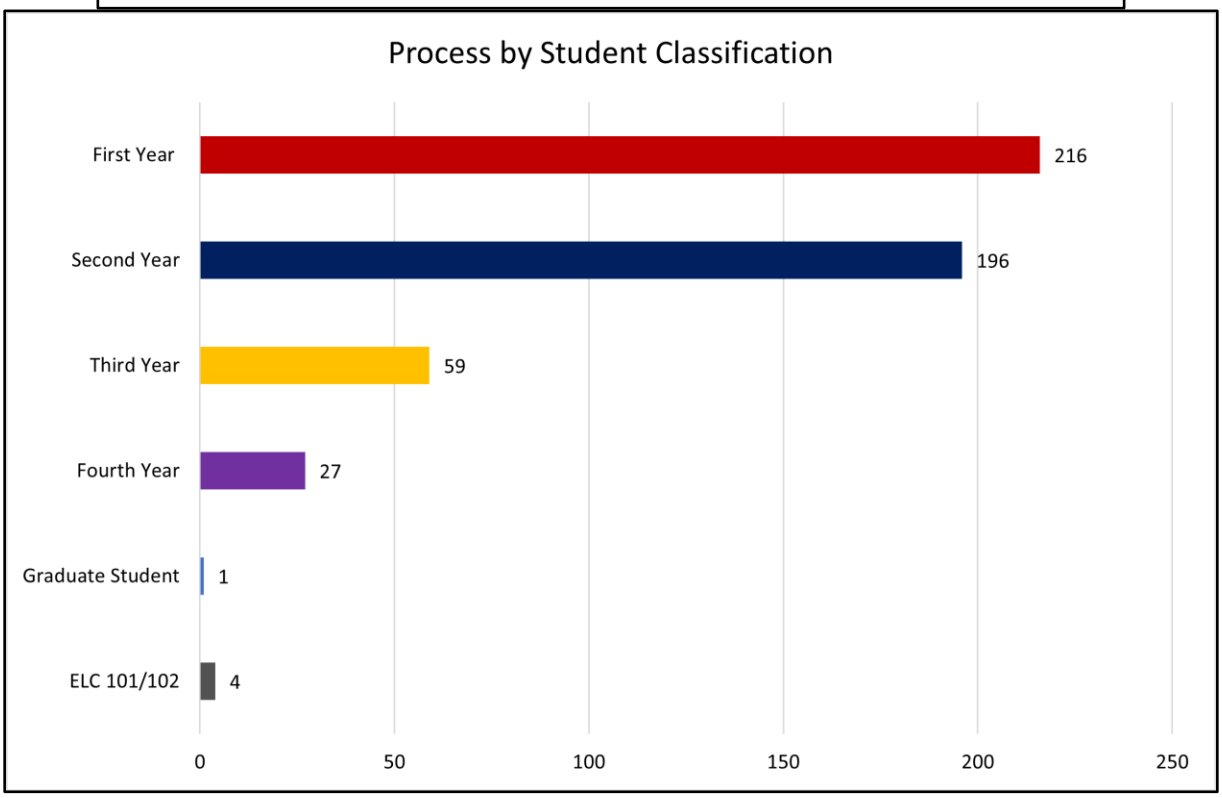
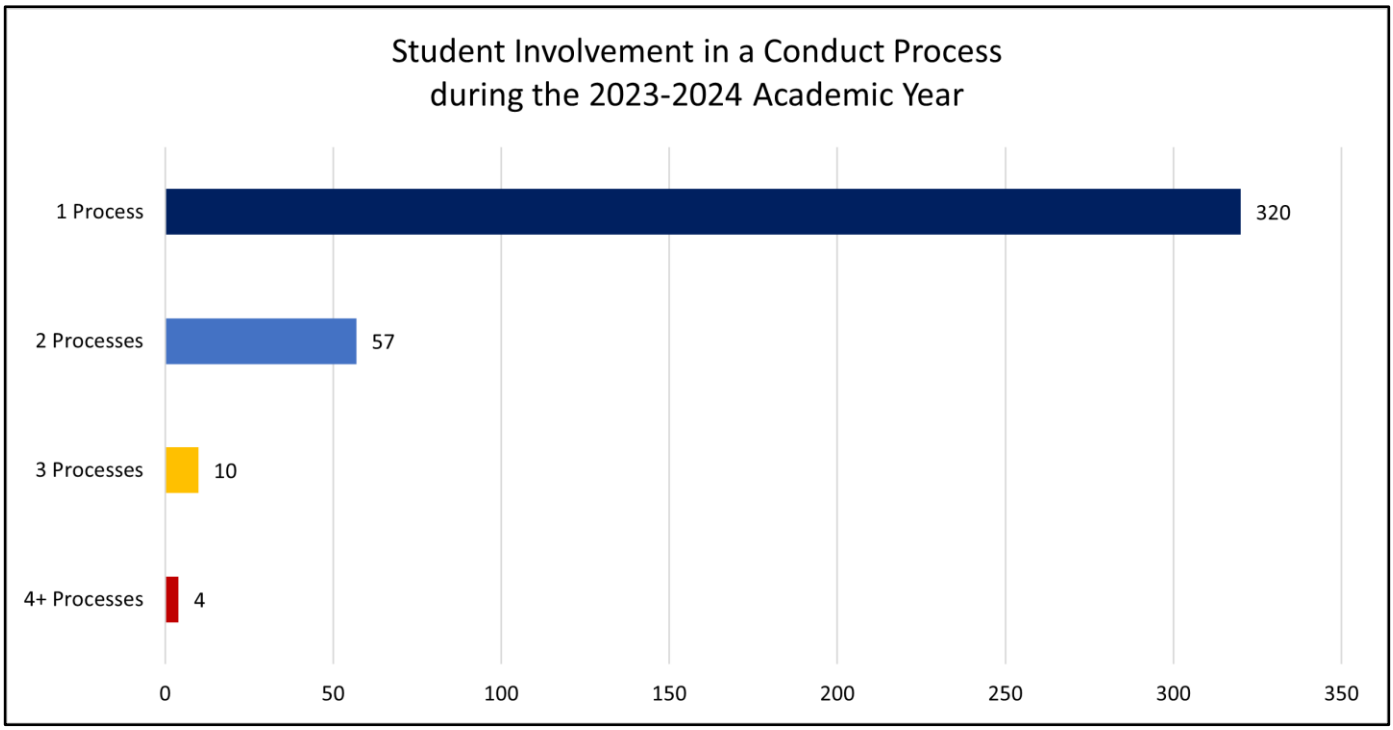
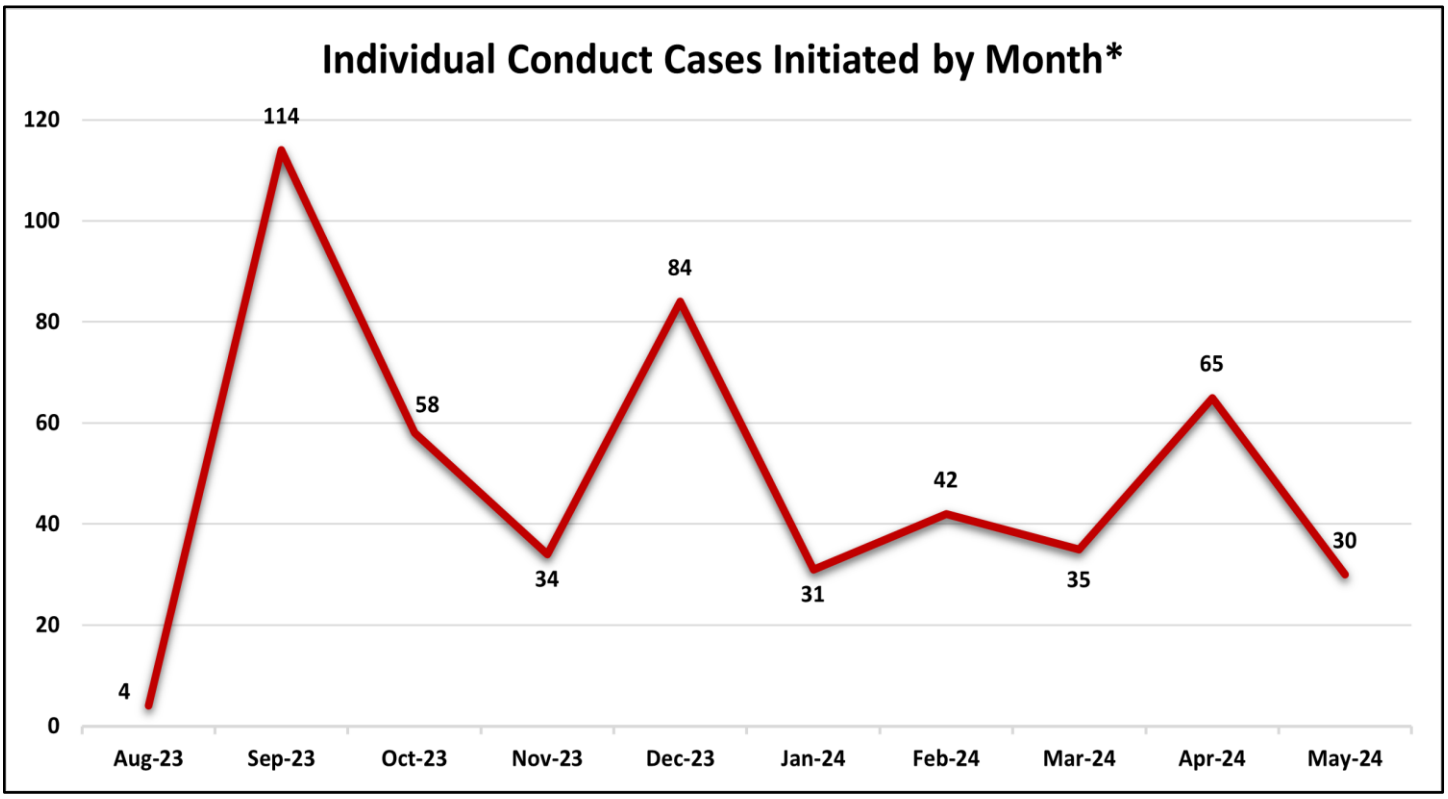
Student Conduct and Alternative Resolution Processes

If the Resolution Center determines that a report may constitute a violation of the Student Code of Conduct, a Student Conduct Process or Alternative Resolution Process will be initiated to resolve the report. For more information about these processes, please review the Student Code of Conduct.









**Numbers shown will not match total processes throughout the year because this graph depicts all conduct processes started, even those that were closed before completion or changed process midway through. It does not include alternative resolution processes.*
